SEASON 1931

SHIPPING SEASON opens about March 20 to April 1 in the Spring, and continues until May 20 to June 1, and opens about October 1 in the Fall, and continues until the ground freezes. Shipping for *summer planting of Evergreens* opens about August 15th. Pot-grown plants can be shipped and planted at all times.

ORDERS.—Write plainly and give *explicit directions* as to address and mode of shipment; otherwise we will forward *according to our best judgment*. All goods travel at purchaser's risk. *We assume no responsibility for the goods after delivery to the forwarding companies.*

When losses occur by delays in delivery, claims should be made *at once* on the forwarding companies.

CLAIMS, to receive consideration, must be made *within ten (10) days of receipt of goods.*

While we exercise the greatest care to have all Trees, Shrubs and Plants genuine and reliable, and hold ourselves prepared to replace, on proper proof, all that prove untrue, *we do not give any warranty, expressed or implied*; and in case of an error on our part, it is mutually agreed between the purchaser and ourselves that we shall not at any time be held responsible for a greater amount than the original price of the goods.

PACKING.—We take great care in packing, using damp moss to protect roots. *Boxes and bales are charged for at cost.*

RATES.—The prices in this list supersede all previous rates, and apply to quantities specified, but two hundred and fifty (250) will be furnished at the thousand rate, twenty-five (25) at the one hundred rate, and five (5) at the ten rate. Specimens personally selected by the purchaser or his representative (or specially selected by us at the request of the purchaser) will be priced according to individual values.

This Price List cancels all previous lists and prices are subject to change without notice.

TERMS, CASH WITH ORDERS, except to such persons as satisfy us as to their responsibility. Bills are due when *presented* and interest will be charged at the rate of six per cent on bills remaining unpaid December 1 in Fall and June 1 in Spring.

*A Certificate of Inspection will accompany each shipment.
Address all communications to office.*

Azaleas dislike lime, but thrive in an acid soil. They
should be fed with decaying leaves rather than ferti-
lizers. Peat moss dug into the soil is of benefit.*Plant Bearberry, Brooms, and Heathers near the Sea*

AZALEA—cont'd	Each	Per 10	Per 100
obtusa kiusiana			<i>Kurume Azalea</i>
<p>Originated in the city of Kurume, on the island of Kyushu, Japan, nearly 100 years ago, these beautiful plants have been practically unknown in Europe and America until brought to the attention of the public a few years ago by Mr. E. H. Wilson, of the Arnold Arboretum. The plants of this group are of dwarf, compact habit, with small, deep green, glossy, evergreen foliage, and small flowers, borne in great profusion, and covering the plants for many weeks with their fairy clouds of exquisite color. Many of the varieties have flowers known as "hose-in-hose," that is, having a petaloid calyx and giving the effect of one corolla set within another. Kurume Azaleas are hardy on Long Island, New York, and thence south. In the north these plants are of untold value for forcing for winter bloom in conservatory or greenhouse.</p>

How to reach our Nurseries

By train: Take a train from South Station, Boston, or from Worcester and other points west, to Framingham. From Framingham, take train or bus to Holliston. Upon being notified we will be glad to meet at Holliston any persons desiring to visit the Nurseries. Telephone Natick 345.

By motor: From Boston the best route is via Newton, Wellesley, South Natick; from South Natick take Elliot Street, to Main Street, Sherborn, Route 115. Thence Main Street, Goulding Street, Mill Street, Fiske Street to the Nurseries. Follow our signs from Sherborn or Holliston.

From Worcester take main route to Framingham, or through Upton and Milford to Holliston. At Holliston square—Central street to Fiske Street to the Nurseries 1½ miles. A new good road.

A cordial invitation is extended to visit our nurseries for plant study or advice.
